We Keep LHS Informed!

The *Image* NEWSMAGAZINE is distributed free to students about every six weeks. It focuses on feature topics and includes in-depth coverage of issues, events, sports and people in the Lancer community.

We have timely, regularly updated coverage of news, sports and more on www.lancerfeed.press and on our social media accounts.

Our student publications staffs are able to publish and post at no cost to students and meet most expenses through advertising revenue, but we count on sponsors to supplement the budget.
