We're Rolling Out A New Look!

The *Image* is moving to a **NEWSMAGAZINE** format which will be distributed free of charge to students about every six weeks. It will include more pages, more stories, more photos and will focus on feature stories and in-depth coverage of issues, events and people in the Lancer community.

We will continue to have timely, regularly updated coverage of news, sports and more on our website lancerfeed.press and on social media.

We can produce these publications at no cost to the students and meet most expenses through advertising revenue, but we count on sponsors to supplement the budget.
