We Keep LHS Informed!

The *Image* NEWSMAGAZINE is distributed free of charge at Lafayette approximately every six weeks. It includes news, opinion, feature and sports content focusing on current issues, events and people in the Lancer community.

The StuPub staff provides regularly updated news and sports coverage as well as other content on www.lancerfeed.press and StuPub social media accounts.

Our student staffs are able to publish and post at no cost to students and still meet most expenses through advertising revenue, but we count on sponsors to supplement that budget and make that possible.
